You are requested to indicate your broad support or opposition to each proposal.

You may qualify this by adding any comments or suggestions. Also please kindly consider the specific questions posed when recording your views. If necessary you can separately attach more notes or additional information that you would wish to be taken into consideration.

N.B. Your responses may be shared with West Sussex County Council to help justify the final proposals.

***Initiative 6** is a 'new' project to provide safer access for non-motorists twixt Rudgwick village & King George V Fields at Bucks Green. The pavement improvements at Watts Corner (part of Initiative 4) are just the start.*

Initiative 1: Kings Head & Parish Church Support Oppose Please select one

Q? - Is the area marked for road surface treatment sufficient and correctly located?

Comments (optional):

Initiative 2: Co-Op Shopping Area Support Oppose Please select one

Q? - Do you prefer a raised speed table or a greater area of level road surface treatment?

Comments (optional):

Initiative 3: Kilnfield Roundabout/Two Wells Support Oppose Please select one

Q? - Do you feel that any more roundabout works are still needed e.g. doming of roundel?

Comments (optional):

Initiative 4: Watts Corner Support Oppose Please select one

Q? Would a pavement safety fence/barrier be helpful to separate pedestrians from traffic?

Comments (optional):

Initiative 5: Village Centre 20mph Support Oppose Please select one

Q? Is the proposed scope (start/end) of the 20mph limit appropriate?

Comments (optional):

Initiative 6: Active Travel - Bucks Green Support Oppose Please select one

Q? Available width may rule out a 'shared footway', so pedestrians but no cyclists. Is that OK?

Comments (optional):
